Dimensions:           Width:     220 and 320 mm  
                          Height:    320 and 420 mm  
                          Depth:     150 mm

Material:            Polycarbonate  
IP:                   IP66/67  
IK:                   IK09.

## Application/Limitation

Operating instruction of the manufacturer to be observed.

## Type Approval documentation

Technical info:  
NEO, Brochure from Fibox.

Test reports:  
FIMKO type test report no. HELES2103000288-1 dated 2021-06-15.  
Eurofins test report no. EUFI29-2200202198-T1v2 dated 2022-05-11

## Tests carried out

Type tests in accordance with IEC 62208: 2011 (Second edition) and vibration.

## Marking of product

Fibox - Type designation - Main data.

## Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the Type approval are complied with and that no alterations are made to the product design or choice of materials.

The main elements of the assessment are:

- Inspection on factory samples, selected at random from the production line (where practicable)
- Results from Routine Tests (RT) checked (if not available tests according to RT to be carried out)
- Review of type approval documentation
- Review of possible change in design, materials and performance
- Ensuring traceability between manufacturer's product type marking and Type Approval Certificate.

Periodical assessment is to be performed after 2 years and after 3.5 years. A renewal assessment will be performed at renewal of the certificate.
